Re: Latch Key Waiver Request - Milan

Staff has reviewed the request and determined that statutory requirements have been met. Recommend approval.

MILAN COMMUNITY SCHOOL CORPORATION

LATCH KEY PROGRAM

REQUEST FOR WAIVER

for

2021-2022

SCHOOL YEAR

INDIANA STATE BOARD OF EDUCATION

SCHOOL AGE CHILD CARE PROGRAM WAIVER

Milan Community School Corporation requests a waiver of the requirement that it make a school age child care program available to all children in K-6 as required by IC 20-26-5-1. The corporation submits the following detailed information that is required by law to support the request:

1. A description of the steps taken by the school corporation to conduct a latch key program or solicit other not-for-profit organizations or for-profit organizations to implement the program. IC 20-26-5-1.

Planning and visitation have taken place over a three-year period. Discussion was held with the local Step Ahead consultant and the Ripley County Health Coalition concerning not-for-profit organizations implementing the program. There is no interest in our rural community. There is also no available for-profit organization to implement such a program in our rural community.

The school board adopted our official Child Care Policy on March 16, 1992. The survey and outline for the program was approved at this time also. The survey approved in 1992 was changed somewhat to reuse in the 2005-06 survey.

A survey was sent to each parent on February 8, 2021 with a return date of February 19, 2021, concerning interest in the latch key program.

RESULTS OF THE 2021-2022 LATCH KEY SURVEY:

447 surveys distributed

175 returned

45 interested

131 not interested

272 no response

There were a total of 447 surveys distributed in grades kindergarten through 5th grade at the elementary school. (This encompasses the students who will be in 6th grade next school year.) Of this number, 175 completed surveys were returned. Of the total surveys returned, parents of 45 students showed an interest in the latch key program, with 34 parents of students stating they could not or would not pay for the service. Of the 175 returned, 131 parents stated they had no interest in the latch key program.

- A. Evidence is provided that a request was made to all parents, in writing, concerning the latch key program. (copy enclosed)
- B. The results of the 2021-2022 survey indicate that the parents of the Milan Community School Corporation are not interested in the latch key program.
- C. Board policy (copy enclosed)

The results of the survey indicated there was no need for the latch key program to be further pursued.

FINANCIAL INFORMATION:

ESTIMATED DAILY ATTENDANCE:

Milan Elementary School – 45 students

11 students whose parents will pay for service

34 students whose parents cannot contribute

FEES: \$75.00 weekly per child

\$35.00 additional child(ren)

7 students x \$75.00 weekly = \$ 525.00 per week

4 students x \$35.00 weekly = \$ 140.00 per week

Total payment = \$ 665.00 per week

\$ 15.00 per day x 180 days = \$ 2,700.00 per child per year generated

\$ 7.00 per day x 180 days = \$ 1,260.00 per child per year generated

\$2,700.00 year x 7 students = \$ 18,900.00 per year

\$1,260.00 year x 4 students = \$ 5,040.00 per year

Total income for program = \$ 23,940.00 per year

CARETAKER: 1 for every 10 students

5 caretakers x \$18.00 per hour x 4 hrs./day x 5 days/wk. = \$1,800.00/wk.

3:15 p.m. to 7:15 p.m.

+ 10% fringes = \$ 144.00

+ supplies = \$ 195.00

+ food = \$ 390.00

WEEKLY COST = \$ 2,529.00

Salary - \$360.00/day x 180 days = \$ 64,800.00

Food &
Supplies -\$ 117.00 x 180 days = \$ 21,060.00

Total cost for program = \$ 85,860.00 per year

As a result of the financial information provided, it is not economically feasible for Milan Elementary School to offer a child care program.

The Milan Community School Corporation has valid reasons for not being able to provide a latch key program.

1. An undue financial hardship would be placed on the school corporation.
2. Lack of participants in the program.
3. An undue hardship because the parents showed no interest in the program.

REQUEST FOR WAIVER:

The Milan Community School Corporation requests the Indiana State Board of Education grant a waiver of the requirement of IC 20-26-5-1 for the 2019-2020 school year.

Re: Milan Community Schools Latch Key Program

Dear Parents:

This survey will assess the need for a school age child care program: first to see if there is enough interest to offer a program, and second, to determine if the program can be self-sustaining.

Beginning with the 1992-93 school year, each Indiana school corporation was required to offer, on the school grounds, a school aged childcare program that at a minimum, is operated after the school day, and is available to all of that corporations' students in grades K-6. The school corporation may assess fees for the program, but only to reimburse for added costs directly connected to the operation of the program. The school corporation may contract with an outside agency to provide these services, but the program itself must use school facilities. A school corporation may receive a waiver from the state board from this requirement if the corporation believes it would experience an undue hardship due to the low number of eligible children intending to use the services of the program.

Please answer the following questions to help Milan Community Schools determine the need for a program.

Please return this paper to the school office by **February 19, 2021**.

Sincerely,

Jane E. Rogers
Superintendent

JER/mc

Please return only one form per family.

For the 2021-22 school year, I will have the following number of students enrolled in school:

Pre-School _____ Kindergarten _____ 1st Grade _____ 2nd Grade _____ 3rd Grade _____

4th Grade _____ 5th Grade _____ 6th Grade _____

- I am interested in a supervised childcare program at Milan Elementary School (including grade 6 students) until 6:00 p.m. on school nights for my child(ren).
_____yes _____no
- If this program is implemented, a service fee of \$75.00 per child weekly might be charged and a \$35.00 fee for each sibling. Are you prepared and able to pay the service fee?
_____yes _____no
- If this program could be implemented free of charge, due to grant funding, would you enroll your child(ren)?
_____yes _____no
- Check here if not interested in program. _____

7450 - LATCHKEY POLICY

In accordance with IC 20-26-5-1, the Milan School Corporation, beginning with the 1992-93 school year, will conduct an after-school child care program that is available to all children in Kindergarten through sixth grade.

The program will be conducted in a Milan School Corporation building, but may be operated by an independent, not-for-profit organization other than the Milan School Corporation. Any contracted entity providing services for operation of the program shall be required to obtain liability insurance to cover participants with \$300,000 per person and \$5,000,000 per occurrence limits.

Maximum adult-to-child ratios (1-15) for the program shall be adhered to for the overall supervision and enrichment opportunities.

No rental fees will be assessed for use of the facilities. However, parents will be charged reasonable fees to reimburse the Milan School Corporation for personnel, maintenance, food or other added costs directly attributable to the operation of the Child-Care/Latch Key Program.

If the Milan School Corporation experiences undue hardships due to a low number of eligible children to support the program cost (less than 10 full-time enrollees) the School Corporation may receive a waiver from the State, after providing documentation for a "waiver of services."

Each year the Milan Community Schools will conduct a written assessment of parents' needs and their willingness to participate in after-school child-care services. The results of this instrument will be utilized in developing plans for future child-care needs.
